

AFTER WILLIE BOY, INDIAN DESPERADO

Engages Sheriff's Posse. Kills
Seven of Their Horses and
Wounds One Deputy.

GREAT BATTLE EXPECTED.

Militiamen Called Out—Anticipating
Many Casualties, Field Hospital
Is Established.

San Bernardino, Cal., Oct. 9.—A score of militiamen, armed with their high power government rifles, are hurrying over the desert today to join the posse of Sheriff Ralphs, which surrounded Willie Boy, the Plate Indian murderer, entrenched in a canyon near Bullion mountain. They are making all haste to be in time for the battle certain to occur before the desperate outlaw is captured or killed. Their only fear is that the fight may be over before they arrive tonight.

Reinforcements also are on the way from Banning, whence they were dispatched by Clara True, the Indian agent at that place, with supplies for the besiegers.

The operations for the capture of Willie Boy have assumed a warlike aspect, and in making preparations for the desperate battle expected today Sheriff Ralphs has established a field hospital. The only patient so far is Charles Stiche, the posseman who was seriously wounded in the hip in the first brush with the Indian Wednesday.

Dr. W. H. Mills, who was rushed from Whitewater to Bullion mountain, in response to the telegraph appeal from Ralphs for a doctor to care for his wounded deputy, is in charge of the field hospital. He will remain with the posse until Willie Boy is captured, to render medical aid to any move of the hunters who may be wounded by the Indian.

WILLIE BOY'S FIGHT.

San Bernardino, Cal., Oct. 8.—Willie Boy, the fugitive Indian murderer who killed his abducted sweetheart after slaying her father, has engaged Sheriff Ralphs' posse in a rifle battle at an isolated place on the desert, known as Mesquite Wells, 35 miles northeast of Whitewater, a station on the Southern Pacific railroad. The sheriff lost seven horses, all but one animal with the party, and Charles Roche, a deputy sheriff of Banning was wounded.

Deputy Sheriff Rock rode to the nearest railroad station to summon a surgeon from this city.

Deputy Sheriff Roche is shot through the thigh and badly wounded. He fell at the first fire from the Indian's rifle, when the posse suddenly ran upon him in ambuscade on the peak of a hill. Willie Boy dropped three of the officers' horses with a rain of bullets that drove the men to cover. In their exposed

WORK THAT TELLS

The Kind Deseret News Readers Appreciate.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in this locality. People who testified years ago to relief from backache, kidney and urinary disorders, now declare that relief was permanent and the cure perfect. Can any kidney suffer longer doubt the evidence?

Fred Stoll, 151 Main St., Park City, Utah, says: "The public testimonial I gave in favor of Doan's Kidney Pills in July, 1907, still holds good and I have no objection to its continued publication. For two months my kidneys gave me a great deal of trouble and sometimes I was unable to get about. The kidney secretions passed irregularly and my rest at night was badly broken. Reading of Doan's Kidney Pills, I procured a supply and the contents of two boxes removed my trouble. Since then I have taken this remedy off and on and it has always proven of benefit."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

position the sheriff's men had small chance against the well-entrenched and well-armed desperado.

Quickly the two pursuing posses combined and deployed, the men surrounding Bullion peak, on the summit of which the Indian lay concealed. It is believed that he has but little water and only a small amount of ammunition. A battle is expected, and unless a chance shot ends the Indian's life, it is likely that there will be more casualties in the posse.

ALCOHOL OF LITTLE VALUE IN TREATING DISEASE

Washington, Oct. 8.—That alcohol in any form is but seldom of distinct value in the treatment of disease appeared to be consensus of opinion of the twelfth international congress on alcoholism, held in London in July last, according to reports of its proceedings made public by the public health and marine hospital service today. The report was prepared by Dr. Reid Hunt, chief of the division of pharmacology of the marine hospital service.

Some evidence, Dr. Hunt declares, was brought forward to show that alcohol even in moderate amounts has unfavorable effect on the offspring and has the tendency to lower the resistance to infection.

Special emphasis, Dr. Hunt declares, was laid upon the extraordinary growth of total abstinence in the British army and navy, it having been shown that 40 per cent of the army in India are total abstainers. This was attributed by the surgeon-general of the British military establishment in

FOOD FOR A YEAR

Meat.....300 lbs.
Milk.....240 qts.
Butter.....100 lbs.
Eggs.....27 doz.
Vegetables.....500 lbs.

This represents a fair ration for a man for a year.

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your Physician can tell you how it does it.

a very considerable degree to the improvements in the surroundings for the soldiers, such as improved housing and food.

Figures were presented illustrating how marked has been the decrease of the use of alcohol in hospitals in various countries.

SUFFRAGETTES THROW STONES THROUGH WINDOWS

Newcastle-On-Tyne, England, Oct. 8.—This city, where Lloyd George, chancellor of the exchequer will deliver two important budget speeches tomorrow was invaded by the suffragettes tonight. The chancellor was escorted from the station by a strong force of police.

The suffragettes attempted this evening to hold a meeting in Drill hall, but students and the noisy element of the city, armed with bells, whistles and trumpets, raised such a din that the speakers could not be heard. The meeting finally was broken up when fireworks were thrown on the stage.

The suffragettes then went to the Liberal club and threw stones through windows. Four of the women were arrested.

THREE TRAINMEN KILLED ON NORTHERN PACIFIC

Butte, Mont., Oct. 8.—Three trainmen, all living at Livingston, Mont., were killed in a wreck on the Red Lodge branch of the Northern Pacific road last night when an extra freight "side swiped" a regular bridge train.

THE DEAD.

Martin, fireman.
P. McKeefrey, brakeman.
Teeters, engineer.

The engines and fifteen coal cars were piled in a tangled mass.

WILL MAKE NO OVERTURES TO THE HOUSE OF LORDS

London, Oct. 8.—At least some members of the cabinet are opposing any compromise such as has been suggested by King Edward to prevent a constitutional crisis over the budget.

Winston Spencer Churchill, president of the board of trade, speaking at the National Liberal club, declared the government would make no overtures to the house of lords and accept no compromise, and that no amendment to the finance bill by the upper house would be entertained. The lords, Mr. Churchill added, had no right to interfere in any way with the government's financial business and that the Liberals were ready for the conflict if it were forced upon them.

Lord Loreburn, lord high chancellor, who followed Mr. Churchill said he refused to believe that the house of lords would take a step, which would lead to a most grave conflict and at the same time place the finances of the country in a state of disorder so far reaching and serious that few persons who had not studied the subject really appreciated the evil.

Mr. Birrell, chief secretary for Ireland, in a speech at Bristol, declared that the Irish land bill was as important as a budget bill, and he believed the house of lords would pass the bill.

Premier Asquith left Balmoral castle last night for London after a lengthy consultation with King Edward.

FIRST U. S. GOVERNMENT OWNED AEROPLANE FLIES

College Park, Md., Oct. 8.—For the first time in the history of America an aeroplane owned by the United States government soared in the air today. Guided by Wilbur Wright, it flew five times in the dedication celebration of the government's tract of land here.

With almost ideal conditions for spectators, and a breeze blowing scarcely at the rate of a mile an hour, Mr. Wright began the flights to teach the officers of the signal corps how to handle the machine. Off the starting rail at 2:25 p.m. he circled the field for three minutes, 25 feet above ground.

Again at 4:09 Mr. Wright was off for another flight. This time he was in the air five minutes. At 4:51 o'clock he soared away to return after about five minutes. Each time he had kept to the reservation grounds. Then Lieut. Lahm took his place in the extra seat. At 5:15 the two rose probably 150 feet. They went a mile and a half toward Washington in hardly more than as many minutes. In about five minutes after they had left, they landed within 20 feet of the starting rail. In another short flight Mr. Wright took Lieut. Humphries with him.

THREE THOUSAND NATIVES DROWNED OFF YUCATAN

New Orleans, Oct. 8.—The steamer City of Tampa, arrived tonight from Progreso, Mexico, brought a report that from two to three thousand natives were drowned on the island off Yucatan in the recent gulf hurricane.

OF INTEREST TO MOTHERS.

There is one subject which always interests the mothers of young children, and that is how to treat their coughs and colds, or to ward off a threatened attack of croup. For this purpose we can recommend Chamberlain's Cough Remedy. It always proves beneficial. In case of croup it should be given as soon as the coughy cough appears, so as to prevent the attack. Keep it at hand ready for instant use. Many mothers do so, and it saves them much uneasiness. For sale by all druggists.

TEN THOUSAND DOLLAR ROBBERY IN POCATELLO

Pocatello, Ida., Oct. 8.—Robbers entered the jewelry store of M. L. Roberts in the heart of business in this city yesterday noon during the absence of the proprietor who was at lunch, opened the safe, broke the lock and carried off a large sum of money in an enclosed strong box, and escaped with diamonds, rings, gold chains to the total value of \$10,000. Entrance was effected through a transom over the rear door. To disarm suspicion the robbers, presumably ten in number, carried a painter's step ladder and two paint buckets. The scene of the

crime is next door to the postoffice. The robbers operated in full view of hundreds of pedestrians. The police have only the vaguest clues. One man is under arrest on suspicion, but there appears little evidence to connect him with the crime.

WOMAN IN WHITE UPSETS CAMPAIGN ARGUMENT

New York, Oct. 8.—A slender woman in white upset the smooth flow of campaign argument in the big Republican Fusionist ratification meeting in Cooper Union tonight. Removing her hat and rising in the center of the hall she demanded of Otto T. Baunard, who was making his opening speech as candidate for mayor, whether he favored votes for women.

The woman was Miss Maude Malone, president of the Harlem Women's Suffrage union. She was forced to call a second time. "What about votes for women?" before Mr. Baunard replied.

He declined to answer the question and that it would appear in an interview in a Sunday paper. Other than this he declined to commit himself. But Miss Malone was insistent and there were repeated calls of "put her out." Amid growing confusion, Mr. Baunard finished his address, leaving the suffragette's question unanswered.

WESTERN VISITORS FLOOD NEW YORK WITH SILVER

New York, Oct. 9.—That this city has been entertaining a very large number of visitors from the west and south is indicated by a large number of silver dollars which merchants are exchanging for paper money at the banks. The sub-treasury reports that never before has it been asked to take back such a quantity of silver dollars, which makes it seem that the western and southern representation at the Hudson-Pulton celebration was a record-breaker. Merchants say that whenever large numbers of southern and western visitors come to the city, they have their pockets filled with silver dollars, which are not common currency here.

VIENNA HOSPITAL DOCTORS GOING ON STRIKE

Vienna, Oct. 9.—The doctors attached to the hospitals here have decided to go on strike Dec. 15, unless the city agrees to their demand for an increase in salary. Private physicians will support the action of their colleagues so unless an arrangement is arrived at by the date set, the Vienna hospitals will be without medical aid.

LIKED DOG MEAT.

Minneapolis, Minn., Oct. 8.—After Mrs. John Kruskel had her husband arrested on the charge of cruelty, she denied her accusation, but admitted to Sergeant J. F. Landy in the office of the humane society that he ate dog meat and liked it.

Kruskel said he procured a small dog, slaughtered it and ate it. He said he insisted on his wife tasting of it also.

CUSTOMS OFFICERS FOUND DECLARATION CORRECT

New York, Oct. 8.—After having made the second largest customs declaration ever given by a woman, Mrs. William S. Tevis is on her way to her home in Bakersfield, Cal., with her four sons. Mrs. Tevis and her sons arrived here on the steamship Adriatic. The boys are big, manly fellows, but they made no effort to attend to the customs men. "Mother is a better business man than we ever thought of being," one of them said.

For three hours she remained on the docks while the customs officers inspected the goods she had declared. They found the declaration to be correct in every detail. It amounted to about \$20,000.

Bamberger Line Excursion to Salt Lake.

For L. D. S. conference and Utah State Fair.

One fare for round trip on sale Oct. 2nd to 9th inclusive, return limit Oct. 13th. Special train from Ogden Oct. 3rd-4th-5th-6th and 7th leaving at 7:50 A. M., arrive Salt Lake 9:25 A. M. Why Cough

Ask your doctor if all coughs are necessary.
If not, then why cough? Ask him about
Ayer's Cherry Pectoral.

Stop coughing! Coughing rasps and tears. Stop it! Coughing prepares the throat and lungs for more trouble. Stop it! There is nothing so bad for a cough as coughing. Stop it! Ayer's Cherry Pectoral is a regular doctor's medicine for coughs and colds.

TUNGSTEN LAMPS make electric light much cheaper. They have two and one-half times the efficiency of the ordinary carbon lamp hitherto in general use. The filament is made of a rare metal called Tungsten, which yields an intense brilliancy at low cost. In shape and size the bulb is just like any other incandescent lamp. Why not try a Tungsten lamp yourself? Get one of the 22 C. P. size and use it somewhere in your house or place of business instead of one of your carbon lamps, then observe the great difference. Note the clear white light, exactly twice as brilliant and costing you one-fifth less for electricity. Tungsten lamps are destined to displace all others, for both store and house lighting.
